GLOSSARY

Mark	Description
A	Filename as received
B	Name of the Carrier associated to the Carrier Group Code from the File Control Record
C	Submission File Identified from the File Control Record
D	Name associated to Carrier Group Code from the File Control Record
E	Submission File Type Code from the File Control Record
F	Reporting Quarter Code and Reporting Year from the File Control Record
G	The number of actual data records as counted by the system
H	The number of data records the system was able to read
I	The number of data records the system was not able to read
J	The Record Count from the File Control Record
K	The number of records corresponding to Transaction Code in each data record
L	The severity of the edits found in the file
M	The fields associated to the edits found in the file
N	The number of distinct records that triggered edits with the severity noted in L for the fields noted in M
O	The value in N divided by the number of applicable records processed - see NOTE below
P	Table showing the list of edits triggered by the file under category File Validations
Q	Table showing the list of edits triggered by the file under category Control Validations
R	Table showing the list of edits triggered by the file under category Data Validations
S	The number of the edit that was triggered by the data records
T	The fields associated to the edits
U	The number of distinct records that triggered the specific edit listed in S
V	The value in U divided by the number of applicable records processed - see NOTE below
W	The description of the edit listed in S

NOTES :

- The 'TEST' banner is displayed when the ETR Submission Type Code is set to 'T'.
- Each edit is associated to one or more Transaction Codes. This means that some edits only apply to Replacement records or only to Cancellation records.
